Pro-Cleanse™

PROFESSIONAL VETERINARY ANTIMICROBIAL SPRAY 4% CHLORHEXIDINE SPRAY

PRODUCT DESCRIPTION

Pro-Cleanse 4% Chlorhexidine Spray is a ready to use, professional, antimicrobial spray designed for use as a skin cleanser. This quick drying spray is ideal for use on the injection site or prior to surgery as well as a hard surface disinfectant.

APPLICATIONS

Pro-Cleanse 4% Chlorhexidine Spray has a broad range of applications as a surface disinfectant for general cleaning and surgical preparation.

Pro-Cleanse 4% Chlorhexidine Spray can also be used topically on animals to sterilise injections site and for pre-surgical skin preparation.

DIRECTIONS FOR USE

Topical Skin Application

1. Remove hair and debris where required.
2. Apply Pro-Cleanse 4% Chlorhexidine Spray to dry skin and leave for 60 seconds.
3. Once 60 seconds has passed continue with injection or surgical preparation.

Surface Disinfectant

1. Wipe area before use to remove any debris.
2. Spray surface evenly with Pro-Cleanse 4% Chlorhexidine Spray.
3. Leave for 60 seconds, no need to wipe away

PRECAUTIONS

DANGER: Highly flammable liquid and vapour. Harmful if swallowed, in contact with skin or inhaled. Causes serious eye irritation. Toxic to aquatic life with long lasting effects. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Avoid release into the environment. Wear protective gloves/protective clothing/eye protection/face protection. If on skin, wash with plenty of water. Store in a cool well ventilated place

PHYSICAL DESCRIPTION

A colourless liquid with an alcohol odour. Soluble in water.
